AMIT AHIR

ASPIRING SOFTWARE ENGINEER

github.com/amitahir0201 linkedin.com/in/amitahir0201
amitahir.vercel.app amitahir0201@gmail.com

Summary

Passionate and detail-oriented Full Stack Developer with expertise in modern web technologies including React.js, Node.js, and MongoDB. Proficient in building responsive, dynamic web applications from concept to deployment. Strong foundation in both frontend and backend development with demonstrated experience in creating user-centric solutions. Eager to contribute technical skills and innovative problem-solving abilities to drive impactful software development projects.

Skills

Programming & Querying: C, Java, SQL, Python
Frontend Technologies & CSS Frameworks: HTML5, CSS3, JavaScript, React.js, Next js, Bootstrap, Tailwind
Backend Technologies: Node.js, PHP
Databases: MySQL, MongoDB
Core Computer Science: DSA, ADA, OOP, Computer Networking, Cyber Security

Projects :- amitahir.vercel.app/projects

EchoExam Portal — STT–TTS Voice Exam System| *MARN stack* |Github

- Developed an AI-based examination platform where students submit spoken answers that are automatically transcribed and evaluated.
- Integrated Speech-to-Text and Text-to-Speech models using HuggingFace with FastAPI backend services..
- Implemented audio preprocessing, lazy model loading, and Dockerized deployment to ensure efficiency and scalability.

KPS4 School Website| *React.js, Tailwind CSS, Node.js, MongoDB, HTML, JavaScript* Live Demo|Github

- Develop and maintain strong relationships with partners, agencies, and vendors to support marketing initiatives.
- Built comprehensive admin panel for content management and student data administration
- Developed user authentication system and admin controls for efficient center schedule management

Aadhar Appointment Booking System| *React.js, Tailwind CSS, Node.js, MongoDB, JavaScrip* Live Demo|Github

- Designed web-based system for Aadhar enrollment and update appointment management
- Implemented booking, rescheduling, and cancellation functionality with real-time slot availability
- Built comprehensive admin panel for content management and student data administration

TOOLS & TECHNOLOGIES

- **Version Control** : Git, GitHub
- **Development Tools** : VS Code, Figma, Vite
- **Operating System** : Linux / Command Line
- **API Management** : REST API Testing Tools(Postman)
- **Deployment Platforms** : Vercel, Netlify, Render

Certifications :- amitahir.vercel.app/certificates

- **Oracle Cloud Infrastructure 2025 – Certified AI Foundations Associate (Oracle University):** Validated foundational knowledge of AI concepts, machine learning, and cloud-based AI services on OCI.
- **5-Day AI Agents Intensive Course with Google (Google × Kaggle):** Hands-on training in building autonomous, tool-enabled AI agents using modern LLMs.

Education

B.E. Information Technology **Anticipated Graduation: 2027**
VISHWAKARMA GOVERNMENT ENGINEERING COLLEGE, Ahmedabad *CIP: 7.82 / 10*
